EDUCATION

Gautam Buddha University

Bachelor of Technology - Computer Science and Engineering

Greater Noida, India

2022 – 2026

EXPERIENCE

Course Mentor Intern (DSA)

GeeksforGeeks

August 2025

Jaipur, India

- Taught **DSA concepts** to **350+ students** through in-person sessions with live coding practice.
- Designed a weekly competitive programming plan, increasing average assignment completion rate by **45%**.
- Provided individual mentorship to selected learners, leading to **30% higher participation in national contests**.
- Created **15+ assignments** with result tracking, improving code accuracy by **18%**.

Mentor

Girlscript Summer of Code

May 2024 – August 2024

Remote

- Guided contributors on **Golang programming** and project structure, improving completion rates by **40%**.
- Taught **Golang syntax** to **3 contributors**, ensuring their successful onboarding into project tasks.
- Reviewed and refined code contributions, reducing pull request rejections by **35%**.
- Updated contributor setup guides, reducing onboarding time by **15%**.

Teaching Assistant

Frienducation

Oct. 2023 – Jan. 2024

Remote

- Conducted sessions on **DSA and competitive programming**, improving performance of attendees by **30%**.
- Prepared post-contest analysis material, increasing success in subsequent contests by **70%**.
- Offered one-on-one support to active learners, increasing coding participation by **50%**.
- Created revision notes and practice tasks, improving knowledge retention by **25%**.

PROJECTS

Pokedex | *Golang, Gin-Gonic, Gorilla*

[GitHub](#)

- Developed a full-featured **Pokedex in Golang**, converting Bulbapedia data into structured JSON format.
- Implemented fast search and filtering for Pokémon attributes including **types, attacks, and weaknesses**.
- Refactored code into modular packages with documentation for seamless team collaboration and scaling.
- Integrated a user-friendly menu-driven interface to streamline both end-user usage and developer testing.

Hacktoberfest '23 | *C++, Java*

[GitHub](#)

- Contributed algorithmic enhancements with **4 merged pull requests** during Hacktoberfest 2023 initiative.
- Awarded **Consolation Prize** for meaningful open-source contributions to Frienducation's codebase repository.
- Reviewed and streamlined over **5 pull requests**, reducing rejection rate and improving **merge time by 12%**.
- Reorganized repository structure for better file accessibility and contributor onboarding efficiency.

TECHNICAL SKILLS

Languages: Java, C/C++, Golang

Frameworks & Libraries: Gin-Gonic, Gorilla

Developer Tools: Git, VS Code, Sublime Text, BlueJ, CLion

Additional: Prompt Engineering

ACHIEVEMENTS

- Secured a position in Meta Hackercup Round 2 with a **World Rank of 1680/22,000+**.
- Qualified for ICPC Chennai Regionals with an **All India Rank of 84**.
- Achieved **Knight** status on LeetCode, ranking in the **Top 2.3%**, peak rating **2020**, solving **350+ problems**.
- Earned **4 star** rating on CodeChef with a maximum rating **1860** putting me in the **Top 3.5%**.
- Attained **Expert** rank on Codeforces with the highest rating **1647** placing me at the **top 5%**.
